INDEPENDENT AUDITORS' REPORT

Board of Directors Erie Commons Metropolitan District No. 2 Erie, Colorado

Report on the Audit of the Financial Statements Opinions

We have audited the accompanying financial statements of the governmental activities and the major fund of Erie Commons Metropolitan District No. 2, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise Erie Commons Metropolitan District No. 2's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of Erie Commons Metropolitan District No. 2, as of December 31, 2021, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Erie Commons Metropolitan District No. 2 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Erie Commons Metropolitan District No. 2's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
 to fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures
 in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Erie Commons Metropolitan District No. 2's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Erie Commons Metropolitan District No. 2's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements.

Board of Directors Erie Commons Metropolitan District No. 2

We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

NOTE 1 DEFINITION OF REPORTING ENTITY

Erie Commons Metropolitan District No. 2 (the District), a quasi-municipal corporation and political subdivision of the state of Colorado, was organized by order and decree of the District Court, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District operates under a Consolidated Service Plan with Erie Commons Metropolitan District No. 1 (District No. 1) approved by the Town of Erie on July 8, 2003, amended on January 24, 2005, and as amended on September 13, 2019. Pursuant to the Service Plan, the District, the financing district, is intended to provide funding to District No. 1 for the design, acquisition, construction, and completion of public improvements, including streets, traffic and safety controls and devices, transportation services, park and recreation, water, mosquito and pest control and sanitation facilities. District No. 1, the operating district, is intended to manage the financial, construction and operation and maintenance of such improvements.

The operation and maintenance of all other services and facilities is anticipated to be provided by the Town of Erie and not by the District.

The District has no employees and all services are contracted.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations, and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity, including District No. 1 and the Town of Erie.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-Wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. Governmental activities are normally supported by taxes.

The statement of net position reports all financial resources of the District. The difference between the assets, liabilities, and deferred outflows and inflows of resources of the District is reported as net position.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted as they are needed.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes. Expenditures generally are recorded when a liability is incurred as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

The District reports the following major governmental fund:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government.

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated. The adopted budgets for the General Fund and Debt Service fund have been consolidated and reflected as the General Fund Budget for financial reporting purposes.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year.

The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes are recorded initially as deferred inflows of resources in the year they are levied and measurable. The property tax revenues are recorded as revenue in the year they are available and collected.

Fund Balance and Net Position

Net position is reported in the governmental activities and is classified as restricted or unrestricted. Restrictions of net position represent amounts that are not available for appropriation or are legally restricted. As of December 31, 2021, fund balances of governmental funds are classified as follows:

<u>Nonspendable</u> – amounts that cannot be spent either because they are not spendable in form or because they are legally or contractually required to be maintained intact. This includes amounts that are not expected to be converted to cash, for example, prepaid amounts.

<u>Restricted</u> – amounts that are subject to externally enforceable legal purpose restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments; or through constitutional provisions or enabling legislation.

<u>Committed</u> – amounts that are subject to a purpose constraint imposed by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. Commitments may be established, modified or rescinded only through resolutions approved by the Board.

<u>Assigned</u> – amounts that are subject to a purpose constraint that represents an intended use established by the District in its budget process. The purpose of the assignment must be narrower than the purpose of the General Fund.

<u>Unassigned</u> – represents the residual classification for the District's General Fund and could report a surplus or deficit.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Restricted Fund Balance

Emergency Reserves have been provided for as required by Article X, Section 20 of the Constitution of the State of Colorado. In compliance with this requirement, \$5,022 of the General Fund balance has been restricted.

The District's order of fund balance spending policy is to apply expenditures against restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance. The District reserves the right to selectively spend unassigned fund balance.

NOTE 3 CASH AND INVESTMENTS

Cash and investments reflected on the statement of net position as of December 31, 2021 consist of the following:

Unrestricted Cash	\$ 4,312
Restricted Investments	21,975
Unrestricted Investments	107,962
Total Cash and Investments	\$ 134,249

<u>Investments</u>

The District has not adopted a formal investment policy; however, it follows state statutes regarding investments. The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk disclosure requirements or subject to investment custodial credit risk for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less depending on the specific investment held unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements. Revenue bonds of U.S. local government securities, corporate and bank securities and guaranteed investment contracts not purchased with bond proceeds are limited to maturities of three years or less.

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Investments (Continued)

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- Obligations of the United States, certain U.S. government agency securities and World Bank securities
- General obligation and revenue bonds of U.S. local government entities
- Bankers' acceptances of certain banks
- Commercial paper
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds *
- Guaranteed investment contracts
- Local government investment pools *
- Certain reverse repurchase agreements
- Certain corporate bonds
- Certain securities lending agreements

As of December 31, 2021, the District had the following investments:

Investment	Maturity	Amo	rtized Cost
Colorado Surplus Asset Fund Trust	Less than One Year	\$	107,962
Money Market Funds	Less than One Year		21,975
		\$	129,937

Colorado Surplus Asset Trust Fund

As of December 31, 2021, the District had invested \$107,962 in the Colorado Surplus Asset Fund Trust, an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all state statutes governing the Trust. The Trust operates similarly to a money market fund and each share is equal in value to \$1.00. The Trust is rated AAAm by Standard & Poor's and is valued at amortized cost. Based on the valuation method, additional disclosures are not required under GASB Statement No. 72.

Money Market Funds

As of December 31, 2021, the District had invested \$21,975 in Fidelity Treasury Fund. Each share is equal in value to \$1.00. The investment is rated AAAm by Standard & Poor's and is valued at amortized cost. Based on the valuation method, additional disclosures are not required under GASB Statement No. 72.

NOTE 4 RELATED PARTY

Three of the five members of the Board of Directors are employees or are associated with Bellock Construction Company, accountants for the District, and Community Development Group of Erie, Inc. (CDG of Erie, Inc.), the developer within the District. During 2021, Districts No. 1 and No. 2 had three of five of the same Board of Directors.

Accounting Services Agreement

An accounting services contract was entered into with Bellock Construction Company during March 2003. This agreement was subsequently amended on March 25, 2004. Under this amended agreement, accounting services are provided to the District at the annual hourly rates of Bellock Construction Company employees. During 2021, the District incurred accounting services fees in the amount of \$16,413.

NOTE 5 DISTRICT FACILITIES CONSTRUCTION AND SERVICE AGREEMENT (SERVICE CONTRACT)

In order to implement the Service Plan, the District entered into an intergovernmental agreement with District No. 1. The agreement shall remain in full force and effect until such time as each of the terms and conditions has been performed in their entirety or until the agreement is terminated by mutual written agreement of the Districts.

District No. 1 is to construct the facilities benefiting the two Districts and transfer them to the Town of Erie or the Home Owner's Association (HOA). The District will, to the extent that it benefits, pay the capital costs and the service costs of operation and maintenance of such facilities (authorized service costs), until the facilities are transferred to the Town of Erie or the HOA.

The District is required to fund, on an annual basis, the amount of actual service costs that it would be capable of funding through property tax revenue plus other fee revenue as determined in the annual budget. If the Districts disagree as to the amount to be paid, then the District must pay District No. 1 the amount set forth in the annual budget. The mill levy cap shall be subject to automatic adjustment if, after the original date of approval of the Service Plan, the laws of the state change with respect to the assessment of property for taxation purposes, the ratio for determining assessed valuation changes, or other similar changes occur.

During fiscal year 2017, the Colorado legislature reduced the residential assessment ratio from 7.96% to 7.20% causing the property tax mill rate for general obligation bonds and service costs to increase from 50 mills to 55.275 mills. The residential assessment ratio decreased to 7.15% in 2019 causing the mills to increase to 55.663 in 2020. During fiscal year 2020, the Gallagher Amendment was repealed.

NOTE 6 LONG-TERM OBLIGATIONS

The District's long-term obligations consist of the following for the year ended December 31, 2021:

	Balance at January 1,				Balance at ecember 31,	Due Within
	2021	Additions	1	Reductions	2021	One Year

2019A and 2019B Senior and Subordinate General Obligation Limited Tax Bonds

On December 19, 2019, the District issued \$20,250,000 of senior and \$12,400,000 of subordinate general obligation limited tax bonds. The bonds were issued for the purpose of paying and discharging the outstanding Series 2009 Bonds, Series 2019 Note and Development Loan, and a portion of the Series 2010 Bond Anticipation Note held by Erie Commons Metro District No. 1, the duly quasi-municipal corporation and political subdivision of the State of Colorado. The bond proceeds were transferred to Erie Commons Metro District No. 1.

The Series 2019A Senior Bonds bear an interest yield rate of 3.2% and a coupon interest rate of 3-5% per annum which is payable semi-annually on June 1 and December 1, commencing on June 1, 2020, and on the maturity dates of the Series 2019A Senior Bonds, subject to optional and mandatory sinking fund redemption prior to maturity The Series 2019A Senior Bonds will mature on December 1, 2049. The Series 2019A Senior Bonds will constitute limited tax general obligations of the District payable solely from the Senior Pledged Revenue and certain District Funds and accounts established by the Senior Pledged Revenue, which consists primarily of the revenues derived from a District property tax levy of not more than 46.709 mills (subject to adjustment, and currently equal to 52.000 mills, as described herein), and the portion of the specific ownership taxes on motor vehicles imposed by the state of Colorado. The Series 2019A Senior Bonds will constitute an irrevocable, but nonexclusive, first lien on the Senior Pledged Revenue and the amounts in such funds and accounts. The District made \$200,000 of principal payments in 2021. The District made \$749,950 of interest payments in 2021 and incurred \$749,116 in interest expense for the year ended December 31, 2021 for these bonds.

NOTE 6 LONG-TERM OBLIGATIONS (CONTINUED)

2019A and 2019B Senior and Subordinate General Obligation Limited Tax Bonds (Continued)

The 2019B Subordinate Bonds bear an interest yield rate of 6.94% and a coupon interest rate of 6.95% per annum which is payable annually on December 15, commencing December 15, 2020, subject to the extent of available Subordinate Pledged Revenue, To the extent interest on the 2019B Subordinate Bonds is not paid when due, such interest shall compound on each interest payment date of December 15. The 2019B Subordinate bonds mature on December 15, 2051. The 2019B Subordinate Bonds will also constitute limited tax general obligations of the District payable solely from the Subordinate Pledged Revenue and certain District Funds and accounts established by the Subordinate Pledged Revenue, which consists primarily of the revenues derived from a District property tax levy of not more than 46.709 mills (subject to adjustment, and currently equal to 52.000 mills, as described herein), and the portion of the specific ownership taxes on motor vehicles imposed by the State of Colorado. The Series 2019B Subordinate Bonds are structured as "cash flow" bonds. There are no scheduled payments of principal of the Series 2019B Subordinate Bonds prior to their maturity date, but rather the Subordinate Bonds are subject to mandatory redemption on each December 15 prior to maturity from and to the extent of any available Subordinate Pledged Revenues. All Series 2019B Subordinate Bonds and interest thereon will be deemed to be paid, satisfied and discharged on December 16, 2051, regardless of the amount of principal and interest paid on the Series 2019B Subordinate Bonds prior to such date. The District made \$311,668 of interest payments in 2021 and incurred \$1,306,809 in interest expense for the year ended December 31, 2021 for these bonds.

Debt Authorization

The District voters approved \$74,900,000 of revenue obligation debt in 2003 and an additional \$74,900,000 in 2004, and \$260,000,000 in 2005 at an interest rate not to exceed 18% per annum. At December 31, 2021, the District had remaining authorized but unissued indebtedness of \$377,565,000 for parks and recreation, streets and traffic controls, water, sewer and storm drainage, and safety or refunding the obligations issued for such purposes. In the future, the District may issue a portion or all of the remaining authorized but unissued general obligation debt for purposes of providing public improvements to support development as it occurs within the District's service area.

2019B Subordinate General Obligation Limited Tax Bonds

The annual debt service requirements on the 2019B Subordinate Bonds are not currently determinable since they are payable only from available Subordinate Pledged Revenue.

NOTE 7 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (the Pool) as of December 31, 2021. The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials liability, boiler and machinery, and workers' compensation coverage to its members. Settled claims have not exceeded this coverage during the past three years.

The District pays annual premiums to the Pool for liability and public officials liability coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 8 TAX, SPENDING, AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, referred to as the Taxpayer's Bill of Rights (TABOR) contains tax, spending, revenue and debt limitations, which apply to the state of Colorado and all local governments.

NOTE 8 TAX, SPENDING, AND DEBT LIMITATIONS (CONTINUED)

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

On November 5, 2005 and November 4, 2003, a majority of the District's electors authorized the District to collect and spend or retain in a reserve all annual District revenue without regard to any limitations under TABOR.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits and qualification as an enterprise, will require judicial interpretation.
